*A very unique approach to senior pictures. It really made our senior's photos stand out among the rest. We could not have been more pleased!*

Jennifer Connely

## ABOUT US

We are celebrating 50 years in Clarkston & photographing high school seniors is our specialty. We have been focused on seniors for the entire 50 years, and it is our full-time job to know how to bring out the best in your teen.

# THE EXPERIENCE

Our most popular session is the Senior Experience plus Studio. Our seniors begin their day being pampered by our in-studio hair and makeup artist who will bring to life the look they chose for their senior session.

We'll start in the studio for some modern and fun indoor images, then we head out to the pre-planned locations based on your senior's interests and personality where they have a true model experience. We'll photograph your senior in two outdoor locations.

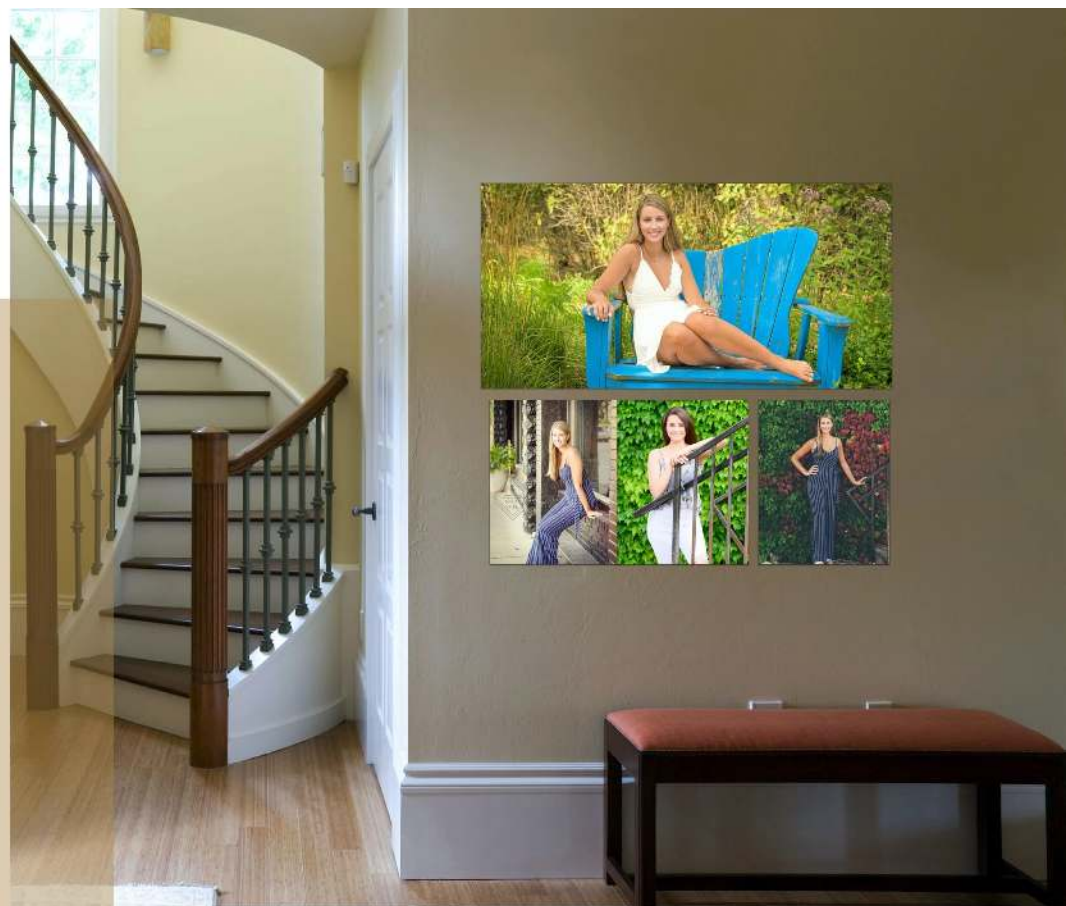

## SENIOR ANNOUNCEMENTS

You'll want to share the good news of your graduating senior with friends and family, so let us take care of this part for you! We'll choose your favorite images at your ordering session and design a card that you love!

## ALBUMS

Our heirloom quality albums are a must for every senior. These beautiful albums will be passed down through generations. When she's away at college and you're missing her, you will carefully look through every photo that captured her personality so well and you'll smile. When her daughter is asking her about her high school years, they'll look through the album together and share stories. When her great-granddaughter wants to know who she resembles most, she'll be able to flip through the pages of this legacy piece to see what your senior looked like as a teenager. Albums are the best way to have all of your favorite images to cherish forever.

## WALL ART

From canvas to metal to acrylic, we'll help you choose the medium that will best display your favorite images for all of your guests to see. We can help you assemble a collection for your wall that will be a beautiful centerpiece for your room. We can even show you what your wall art will look like on your own wall as we assist you with your order.

## WHAT TO WEAR

Most clients bring a variety of dressy and casual outfits. Bring more than enough, and we'll look through them together to choose the best options for each location. Don't forget your accessories like hats, sunglasses, and jewelry! If you have a favorite t-shirt or hat for your future college, bring it too!

It's best to avoid distracting patterns. Layering is fantastic to easily change up your look, and we love textures! As you're choosing your outfits, keep in mind the locations we've decided on and the season. Make sure you're comfortable in whatever you choose. If you feel awkward, it will show in the photos! Bring shoes and appropriate undergarments for each outfit too!

# TIMELINE

## 1 THE BOOKING

After you've come in for your planning consultation, we'll find the perfect date that works with both of our schedules for your session! We will work with your school schedule the best that we can, but keep in mind that weekends always go fast!

## 2 THE SESSION

On the day of the session, we'll start off in the studio for your hair and makeup with our makeup artist. Make sure to eat lunch first, but we always have snacks at the studio to help you keep your energy up! Hair and makeup typically lasts about 30-45 minutes, then our session will last up to 3 hours, so plan accordingly! Our seniors often love to make plans with friends for after their session... after all, your hair and makeup is done, and you should definitely show it off!

## 3 THE PREMIERE

Approximately 7-10 days after your session, you'll come to the studio to view and order your photos. To be best prepared for this appointment, decide which walls you'd love to fill with your custom artwork, and make a list of friends and family that would want gift prints of your senior. All decision makers should be present at the premiere, as only one is included in your session. The premiere typically lasts about 60 minutes if you're well-prepared but can take longer, so please allow plenty of time!

## 4 THE DELIVERY

Your artwork and albums will arrive within 4-6 weeks after placing your order. We'll give you a call when they're in and set up a time for you to come by the studio to pick them up! We can't wait for you to see your gorgeous new products!

# Experience Options / Investment
